EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Darling on 4/17/06.

The application has been amended as follows:

- a) claim 2 has been canceled.
- b) on line 7 of claim 1, -- and the light deflecting unit is disposed near a front focal plane of the optical element to be tested --- has been add after " tested".

Reasons for Allowance

Claims 1 and 3-16 allowed.

Cornsweet (3,870,415) according to figure 3 teaches of a deflecting unit 3 that deflects collimated light from the light source unto a lens (156) wherein the lens (156) is NOT the lens to be tested.

As to claims 1, 3-7, and 9-16, the prior of record, taken alone or in combination, fails to disclose or render obvious a focal length measuring device comprising a light deflecting unit for deflecting collimated light so that the collimated light intersects an optical axis an angle and the collimated light is emitted, a light receiving unit which is disposed opposite to the light source unit so as to sandwich the light deflecting unit and wherein the light deflecting unit is disposed near a front focal plane of the optical

element to be tested, in combination with the rest of the limitations of claim 1 and 3 respectively.

As to claims 8, the prior of record, taken alone or in combination, fails to disclose or render obvious a focal length measuring device comprising a light deflecting unit for deflecting collimated light, a light receiving unit which is disposed opposite to the light source unit so as to sandwich the light deflecting unit and wherein the light deflecting unit is a diffraction grating, in combination with the rest of the limitations the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

The drawings were received on 1/5/06. These drawings are approved.
